A Twelve-ton Safe. The new 24,000 pound safe for The Lancaster National Bank will arrive to-morrow morning. Contractors from the works will do the handling and placing. The wharf here has had to be reinforced by new piling for the purpose of landing the giant.

The present safe, which is about onehalf the size of the new one, has been found inadequate for the purposes of the bank, but will be used in conjunction with the above. The larger one is warranted burglar proof. It is, perhaps, the largest safe ever seen in a rural district.

Messrs. Howard and Lee will come down with the safe and direct operations.

CONSTITUTIONAL CONVENTION.
